WHAT OUR CUSTOMERS SAY

**DANIEL PETROVIC,
34 YEARS OLD,
BUSINESSMAN**

“Luckily I found *Hobby Horse*;
they understood that my overall
passion was my business.”

“*Hobby Horse* changed my life. I am a full time and successful businessman, and as everyone knows, success in the business world means time. I was so excited about my company having so many new customers and new exciting propositions from allies all over the world, sadly my friends didn’t share this excitement.

Whenever I would go for a dinner party my friends would tell me, ‘you need to do something to relax’, ‘you need to have a hobby’. I didn’t want to attend any dinner party anymore if the only thing I hear would be “I only see Facebook posts of you being in business meetings”.

Luckily I found *Hobby Horse*; they understood that my overall passion was my business and they allowed me to continue with it and accomplish my goals.

Now my friends love to talk about my expertise on roof gardening together with parkour. Now I am a Facebook event. I love going to dinner parties and having beautiful women admiring my life and business success.”
